TENDER VALENTINE'S DAY wishes went from Palm Springs school district Tortoise Tim contest entrants to youngsters at the Angel View Crippled Children's Hospital in Desert Hot Springs today. The dozens of handmade valentines, entered in the Tortoise Tim contest sponsored by The Desert Sun, were placed on this unique tree by pupils in Mrs. Pat Myers' third grade class in Agua Caliente

school, then taken to Desert Hot Springs this morning by Ralph Naylor, Desert Sun circulation manager, who is obscured by tree. Helping in the loading were, from left, Mrs. Douglas Dennis, Agua Caliente school PTA head, and pupils Sandra Ramsey, Eddie Hertzke, and Olise Moe. New Delay Hits Glenn Orbit Shot

Bad Weather Cancels Try

CAPE CANAVERAL, Fla. (UPI) — Bad weather in the "splash down" area at sea forced postponement of John Glenn's orbital flight into space today and a new storm made it appear unlikely he could take off before Friday.

It was the eighth postponement of the 40-year-old astronaut's round-the-world flight since it was first scheduled in December. The latest delay was caused by high waves in the western Atlantic where Glenn's Friendship-7 spacecraft would come down.

Ready to Go

The pilot, the rocket, and the space cabin were ready to go and the final prelaunch countdown began Tuesday night. Shortly after 11 p.m. PST, space agency officials said conditions for safe recovery were "unsatisfactory."

The Mercury man-in-orbit project was geared for day-to-day postponements, and if the weather permitted it would have been possible to attempt the flight again between 4:30 a.m. and 9:30 a.m. PST Thursday.

But a new storm center moving off Cape Hatteras, N.C., was expected to whip up rough seas in the Bermuda area Thursday morning.

Forecast Gloomy

The space agency said at 6:30 a.m. PST that no new launch time had been determined. It promised another statement at 2 p.m.

The weather forecast was gloomy. In addition to strong winds and high waves at sea the outlook was for fog or low hanging clouds at this launch site until midmorning Thursday.

Lt. Col. John H. Powers, spokesman for the astronaut program, said that "unless something very unusual develops" it will be about 2 p.m. PST today before a decision is made whether to reschedule the orbit attempt for Thursday morning, or later.

Chamber Board Meets Thursday

Billboard zoning, air pollution and city traffic are among more than a dozen problems to come before the Palm Springs Chamber of Commerce board of directors at a meeting tomorrow morning, according to Toby Curtis, president.

The session is scheduled for 8 a.m. in the board room of the chamber offices at Amado and Belardo Road. It will be conducted without Manager Jimmy Cooper, who is attending a convention in Santa Monica.

Desert Air Pollution Smokes Board Meeting

RIVERSIDE — Air pollution smoked up a portion of the County Board of Supervisors meeting here Tuesday.

Complaints from the Palm Desert Chamber of Commerce and Board of Realtors about the smoke-polluted air hovering over their desert area was referred by the supervisors to their air pollution control director, Clifton Seymour. He was asked to consider them along with another received last week from Eldorado Country Club.

Howard J. Fulmer, secretary-treasurer of the Board of Realtors, in a letter in which he stated he represented the entire membership of 90, noted that hundreds of millions of dollars had been invested in real property in the area because of its uniqueness and delightful living conditions inhabited by clear, pure, dry, unadulterated atmosphere. "This progress is now in mortal danger of being completely nullified," declared Fulmer.

"We plead for a rapid solution to this problem, urged the realtor, and would like answers to these questions: Why should this beautiful desert valley be penalized by inadequate, unrealistic burning laws?"

Seymour was asked by the supervisors last week to work with the forestry, road and agricultural departments and with the people in the community including farmers and commercial operators for settlement of the problem.

Gets Duck Egg

JAKARTA, Indonesia (UPI)—An Indonesian demonstrator threw a duck egg at Atty. Gen. Robert F. Kennedy today. It missed.

The egg-throwing incident took place as Kennedy entered the auditorium of the university of Indonesia's law school, where he delivered an address urging students to show "a little more maturity" in their judgments of the United States.

Later Conclave To Hinge on Geneva Talks

WASHINGTON (UPI) — President Kennedy today rejected Soviet Premier Nikita Khrushchev's bid for an immediate 15-man summit conference but expressed his readiness to attend later if lower level disarmament talks at Geneva show progress.

The President turned down Khrushchev's suggestion in a polite but firm letter to the Kremlin leader. He said such a meeting at the outset of the disarmament talks on March 14 might retard the cause of arms control.

But at his news conference, Kennedy said he would be glad to attend a summit meeting if and when negotiations at a lower level indicate progress toward an effective agreement.

"If we are moving ahead or my presence at a summit meeting at Geneva would help conclude an agreement, then of course, I would go," Kennedy told a news conference questioner.

Effective Inspection Required However, he emphasized that progress toward an agreement, including an effective inspection procedure, was an absolute condition for his attending a summit level meeting.

In his letter responding to Khrushchev's recent proposal he expanded into a summit conclave, Kennedy took a similar stand.

He told the premier that any such session should wait until there were better prospects for success. The question is one of timing, he told Khrushchev.

Kennedy's reply to Khrushchev was co-ordinated with a letter of rejection sent to Moscow by British Prime Minister Harold Macmillan.

Khrushchev had proposed in a Feb. 10 note that the 18 heads of government meet in Geneva March 14 to set the pattern for later disarmament negotiations by their deputies.

The President and Macmillan on Feb. 7 proposed to Khrushchev that the Big Three foreign ministers meet in advance of the Geneva meeting to symbolize the importance attached to the disarmament conference by the major nuclear powers. The two Western leaders also suggested that other foreign ministers of participant nations would be welcome.

Kennedy stuck by this proposal today as the best method of orderly negotiation. He pointed out that substantial differences still exist between the Soviet Union and the West and that it will be the task of the Geneva conference to explore these differences and seek means of overcoming them.

WASHINGTON (UPI) — President Kennedy said today U2 pilot Francis Gary Powers, 32, will be free to do as he pleases after he completes "important interviews" with government officials who have been interrogating him at a secret location.

CARACAS, Venezuela (UPI) — Nearly 100,000 wildly cheering Venezuelans heard President Romulo Betancourt denounce "Communist Cuba" Tuesday night and threaten inter-American action against Latin "dictators."

WASHINGTON (UPI) — Pro-Communist Cuba formally was expelled today from the 21-nation Organization of American States as ordered by the American foreign ministers last month.

The OAS council ousted the regime of Fidel Castro from the hemisphere organization shortly after the Cuban delegation walked out, calling the council's action illegal.

SANTIAGO, Chile (UPI) — Chile's strongest earthquake since the disastrous shocks of nearly two years ago rocked six southern towns today.

Unlike the earlier shocks, however, today's temblor, according to early reports, caused no casualties and little major damage.

PITTSBURGH (UPI) — The United Steelworkers Union (USW) and the Big 11 companies of the steel industry open 1962 contract negotiations today with March 1 as the target date for basic agreement on terms covering 430,000 workers.

The current USW contract expires midnight, June 30.

★ ★ ★ Zoning on Section 14 Approved

The Palm Springs City Council last night approved R-3 hotel and apartment zoning for five acres on Section 14 leased by the Tahquitz Development Co., rejecting pleas for R-3 zoning on the entire 20-acre lease.

Attorney James Hollowell, representing the development firm, and Don Lee, executive vice president of the organization, entered pleas for R-3 zoning on the entire 20 acres, which is subject to a 65 year lease. A tentative land use has been submitted to the Bureau of Indian Affairs for consideration, Hollowell said.

The council agreed to ease the recommended planning commission stipulation of one unit per 5,000 square feet to one unit per 4,900 square feet in the 22 luxury apartment project for the first increment.

Hollowell told the council that the commission's recommendations for zoning on five acres only "more or less tied our hands" in development planning. He added that "a lot of people are wanting to know how we make out in the midst of hodge-podge zoning" on Section 14.

The plea for zoning on the entire 20 acres was echoed by Raymond C. Simpson, Agua Caliente Indian tribal attorney, who pointed out that lessees on Indian lands must guarantee a minimum return to the Indians.

city council and the city planning commission last night.

The ordinance, recommended by the city planning commission over objections raised in commission public hearings by Robert Alexander, was termed unrealistic by three protesting speakers in the Palm Springs City Council's public hearing Tuesday.

Cost Hike Consulting engineer Phil Abrams former city public works director, told the council that a literal interpretation of the planning commission recommendations could add \$2,200 per lot to construction costs in Palm Springs.

"This would amount to \$106,000 for a typical 20-acre development," Abrams said. Watering systems for a proposed maximum 150 feet deep exterior greenbelt could cost \$15,000, and interior watering systems \$24,000, Abrams said.

Abrams termed street paving prior to subdivision development the most feasible answer to the blow-sand control problem.

'One Way'

Developer Robert Alexander told the council he was "in accord with the idea of protection," but added that the proposed ordinance "is too far one way." Alexander said the ordinance would place "undue power" in the hands of the city officer who ruled on "wind-belt" areas, and could result in increased buyer prices. Alexander seconded the street paving proposal — which is part of the ordinance.

Planning consultant Herman Ranes told the council recent studies indicated that a 300 feet greenbelt would be needed to have effect on blow-sand. He termed the idea "an unreasonable burden." Ranes said subdividers should be responsible for sand control if natural ground mantle were destroyed. He termed additional requirements "unreasonable."

Councilman Ted McKinney cited sand hardships to future homeowners, and called for the council planning commission joint study.

STRIKE'S THIRD DAY

College Work Completely Dead

PALM DESERT — Construction site of the new College of the Desert, a beehive of activity last week, was quiet and still today as a complete work stoppage went into its second day.

Some of the work force of 50 are honoring a picket line set up by the plumbers' union while others are not working because their

job depends upon those who are honoring it.

College officials are hoping that a mediator from the National Labor Relations Board, field director Paul J. Driscoll, can get the dispute settled by the end of the week. The plumbers are striking because sub-contractor Paul Holm of Palm Springs' Certified Sprinklers company is using workers

from the laborers' union.

Holm told the Sun today that he has sent telegrams to Gov. Brown, President Kennedy, Secretary of Labor Goldberg and HEW Secretary Ribicoff with the following message:

"Jurisdictional labor dispute between Joe B. Moreschi, general president, International Hodcar-

riers Building and Common Laborers' union, 906 16th St., NW, Washington, D.C., and P. T. Schoen, general president, U. A. Plumbers, 901 Massachusetts Ave., Washington, D.C., has involved secondary boycotts and complete stoppage of vital construction College of the Desert, Palm Desert, Calif. Request immediate investigation and return to work order."

Demo Wins Senate Seat

SANTA BARBARA (UPI)—The victory of Democrat Alvin C. Weingand in a special election to fill a vacant state Senate seat was hailed Tuesday night as an indication of the California political climate.

Eugene L. Wyman, chairman of the Democratic State Central Committee of Southern California, said the election of Weingand was a sign of voter confidence in the Democratic party and a vote of "confidence in the administration of Gov. Edmund Brown."

An unofficial final tally gave Weingand, a Santa Barbara hotel operator, 16,282 votes to Republican William D. McKillop's 11,507. A second Republican, Assemblyman James L. Holmes received 7,035 votes in the election called to fill the vacancy left by the death of Sen. John J. Hollister, D-Santa Barbara.

Visitor Bergh Passes Away

A frequent Palm Springs visitor, Arthur Bergh, 81, died Sunday on board a ship bound for Hawaii. Bergh, who had a long musical career in New York and Hollywood, succumbed aboard the SS President Cleveland.

Survivors include his widow, Geraldine, and a daughter, Mrs. Roy Michaels. The family had many friends in Palm Springs.

His career included five years as first violinist for the New York Symphony Orchestra and success as a composer of operettas.

ROSE OFF THE ECONOMY

Disappointing Reports

WASHINGTON (UPI) — Government economists today adopted a wait-and-see attitude toward the business outlook following disappointing reports on jobs and incomes in January.

The reports were not terribly bad in themselves. But in comparison to the rosy developments of late 1961, they looked a little pale.

The Labor Department said the factory workweek dropped in January, for the second consecutive month, to 40 hours. It was 40.4 hours in December and 40.6 in November. The department blamed the new drop on "a sharp cutback in overtime work in the automobile industry as well as more moderate declines" elsewhere.

The experts were especially interested in factory hours because in the past they have been an advance tipoff to business recessions and upswings. "We'll be watching this one closely in February," one official commented. "Remember, two months don't make a trend."

Also disappointing was a report from the Commerce Department that personal income fell in January by \$1.5 billion to an annual rate of \$40.3 billion. Commerce Secretary Luther H. Hodges emphasized a \$800 million cutback in corporate dividends, at annual rates, which followed heavy dividend disbursements in December.

But there also was a decline in wages and salaries at a \$600 million yearly rate. Payrolls fell most in manufacturing, especially autos and machinery, and to a lesser extent in lumber, textiles, clothing

More than 2.5 billion pounds of dog food were purchased last year.

and stone-clay-glass. Payrolls rose in chemicals and primary metals. The January slippage was not seen as a harbinger of recession. It could mean that the current rate of rise is not quite up to the administration's optimistic expectations.

Firemen's Ball Profit Reaches About \$1,000

The Palm Springs Firemen's Association netted approximately \$1,000 from the annual Firemen's Ball for the association's fund for additional training and rescue equipment, association spokesman Matthew MacDonald reported today.

The ball was a financial success because of cooperation of supporting residents and merchants who contributed prizes for the big night, MacDonald said. Contributing merchants included Plaza Motors, Ladd's Hardware,

Ramon Drug, Marvin Wade, jeweler, Patti's Record Shop, Pool-quip, Young's Liquor Store, Scharf's Men's Wear, Wilson's Jewelers, Builder's Supply, Dill Lumber, Ruby's Dunes, The Palm Springs Spa, The Fashion Center, Accent's Shop, Carlo's Men's Wear, Zell Eaton, The Swiss Chalet, Arthur Elrod, Western Auto Supply, Anderson's Studio, Palm Springs Florist, Sea Horse Restaurant, and Saddle & Siroloin.

Other donors included Palm Springs Department - Hardware Co., Palm Springs Lanes, The Biltmore Hotel, Ocotillo Lodge, Warren Imports, Grone's Shoes, The Los Angeles Angels, Mike's Fireside Shop, George Weill, Sam Bork Originals, The Doll House, Palm Springs Riviera Hotel, Desert Camera Shop, Lia Mae Beauty Salon, and Desert Building Specialties.

Barbara Crosby Still Critical

BURBANK, Calif. (UPI)—Doctors for the wife of entertainer Lindsay Crosby, hospitalized apparently because of a complication of pregnancy, said today the former Las Vegas, Nev., showgirl was "still unconscious and still critical."

Mrs. Barbara Crosby, emerged from a 48-hour coma Tuesday and appeared to be showing some improvement.

Silver Urn and Tray Given To the Hospital Auxiliary

On the occasion of the monthly meeting of the Women's Auxiliary of the Desert Hospital, Mr. and Mrs. Paul Summers donated a beautiful silver coffee urn and huge silver tray to the Auxiliary in memory of Mrs. Summers' aunt, Mrs. Robert McKittrick. Mrs. Walter Sibbert reported that reservations are pouring in for the Marusia fashion show to be held on Feb. 22 at the Racquet Club and emphasized that this is the main fund raising project of the auxiliary for 1962. Plans were discussed for the forthcoming Spring Tea, more details of which will be announced later. Mrs. Roger Williams told of the success of the book cart project and Mrs. Raye Gholston reported there were 51 visitors at the January Blood Bank. She was assisted in that activity by Mrs. Oran Deal and Mrs. Norman Haber. Mrs. Gholston reported also there were 99 polio shots given at the January Polio Clinic and 93 at the February one. A meeting of the board of directors preceded the meeting and was attended by: Mmes. Herbert Burns, Walter Sibbert, Norman Water, Arthur Coffey, Allan James, Leroy Linick, Emil Lauf, Joseph Sage and Thurman Arnold Jr. After the meeting, refreshments were served by the hospital committee, composed of Mrs. Robert Buckner and Mrs. Austin Peterson.

CUTTING THE CAKE, which was served with champagne, following the midnight announcement of their engagement, are Mary Talley Beebe, daughter of Dr. and Mrs. M. H. Beebe, and Warren Carl Ristaino, son of the Emilio Ristainos of Rancho Mirage.

Mary Talley Beebe Has Become Betrothed to Warren Ristaino

A gala party at the San Jacinto Way home of Dr. and Mrs. M. H. Beebe announced the engagement of their daughter Mary Talley Beebe to Warren Carl Ristaino, son of Mr. and Mrs. Emilio Ristaino of 71-550 Tangier Road, Rancho Mirage. Both young people graduated from Palm Springs High, and are attending Mt. San Antonio College at Walnut, Calif. No immediate date has been set for the wedding, which will take place at the Palm Springs Community Church sometime next winter. Double hearts of lace and flowers with lighted candelabras carried out the age-old motif of Valentines and Love. A large cake decorated with hearts and red roses carried the legend "Warren and Mary." Hors d'oeuvres and punch were served to the many friends who attended. Gary Beebe, brother of the bride-elect, accompanied Tommy Pickell in a solo, "I Love You Truly." Cake and champagne were served to toast the young couple, when the engagement was announced at midnight. Miss Beebe wore a cocktail-length red satin gown, with a white lace over jacket. Her corsage was of tiny red sweetheart roses. Out-of-town guests, who attended were, Miss DD O'Dowd, Mrs. Genevieve Harrigan, and son, Victor; Mr. and Mrs. Maurice Coleman, of Pomona; Mr. and Mrs. Kenneth Van Fleet of West Covina; Mr. and Mrs. Albert Beebe of South San Gabriel; Mr. and Mrs. Andrew Miotto and daughter Mari-

Fete D.A.R. Anniversary

Standing on a streamer of blue ribbon, an antique milk glass container on the speaker's table held red and white geraniums and blue hyacinths and daisies to set the Americana theme for the 14th anniversary party which Cahuilla Chapter Daughters of the American Revolution held at Holiday Inn. Five other tables were striped with blue ribbon and decorated with vases of American Beauty. There were blue tapers with butterflies, red ones with white bells, white ones with flowers, adding to the decor and date packages were table favors. As February is American History Month for D.A.R., the luncheon speaker, Richard L. Spears, corporate public relations representative for Aero-Jet General Corp., spoke on "Aerojet and Challenge of Today." He reviewed the history of Aerojet, which started

with six employees and now, 20 years later, has 30,000. He offered the views of management that the first priority is to surpass the Russians stressing that this cannot wait. "We must be leader of the free world," he said. "Defense must come first and must be supported regardless of party."

The Regent Mrs. Fred A. Nitchy presided at the meeting, and introduced Col. J. J. O'Brien of Aerojet, who in turn presented the speaker. Numerous distinguished guests attended the birthday luncheon, including members from Wyoming, Indiana, Michigan, Washington and a member from Genera Custer Chapter D.A.R. in Alaska. The honored guest was Mrs. Frank R. Mettlich, State Vice Regent and member of San Miguel Chapter D.A.R. of National City. Other guests included Mrs. Albert Parrott, state chairman of Museum and California Room, member of Siskiyou Chapter D.A.R., Yreka. Mrs. Russell Brougher, vice chairman Civil Defense, member of Gaviota Chapter D.A.R., Long Beach; Mrs. John O. Pfahl, past regent Cabrillo Chapter D.A.R., honorary senior national vice pres-

ident, Children of American Revolution. Regents or members were present representing De Anza Chapter, Estudillo Chapter, Indian Trails Chapter, Las Conchillas Chapter, Oasis de Vera Chapter, Susan B. Anthony Chapter, Temescal Chapter, as well as many others. Over 50 members were in attendance.

Preceding luncheon Alex Hammond presented the Palm Springs High School concert choir, which sang several selections. They were dressed in white except for a double trio of girls wearing red dresses, who were students of Wynne Hammond, who accompanied them on the piano. Luncheon ended with individual birthday cupcakes each topped with a lighted candle, and each bearing the figure "14."

Around Town

with Hildy Crawford

Wednesday, Feb. 14, 1962 THE DESERT SUN Page 3

Cars around the Tennis Club all seemed to be carrying the red-and-white license plates of the "Land of Lincoln" as Chicago women gathered about the luncheon table to discuss plans for the 1962 Desert Circus, March 21-25, which will honor their home state.

Desert Circus President Ed McCoubrey and Manager Mac McDonald, meeting with them, went away with some Illinois - type ideas that should start things perking in the Circus percolator. The two main ideas that came out of the meeting both concerned the Desert Circus Ball, which is always the big social event and dear to women's hearts. Circus officials were listening closely, so it's quite likely that both ideas will be adopted. One, the ball will be known as "The Land of Lincoln Ball," and two, costumes will be calico gowns and sunbonnets with booted, hatted, vested men.

Among other early plans, the Night on the Town procedure is being reversed this year, with deputies and sheriffs gathering at the Tennis Club for a late supper after the raid. Commenting on plans, McCoubrey said, "The State of Illinois has done more for Palm Springs than any other state in the Union and we really want to honor them." Members of the British Polo team and their wives will be guests of Louise Nicoletti at the Club "21" party, which is already a sell out. There are so many favors to be given away that night that Milly Berns is planning to hand out red-and-white striped "loot bags" to carry them home. Vivian and Glenn Austin, who are celebrating their 21st wedding anniversary today, are hosting a cocktail party at their home for the 40 guests who will be at their table at the St. Theresa Valentine's dinner dance at El Mirador. Glenn, who is going back into the car business next month after years of retirement, is busy fending off would-be buyers on the tennis courts until he can get some cars. He already has the agency for one of the fancier foreign cars and now he's being offered one of the biggest along with the news of a lower priced

edition of that car that is always considered the status symbol foreign car.

David McDonald's hasty weekend trip to the west coast was a sad mission for him as he flew out to Beverly Hills for the funeral of his brother-in-law Jack Price. He came down to Palm Springs afterwards to spend a brief time with the Phil Regans before flying back east to resume the steel negotiations, but expects to return here with his wife Rosemary when a settlement is reached.

Attention AVCCF. You have another Diamond Angel in your midst, whom you may not know about as she is listed that way by the Founders' Chapter at Desert Hot Springs, where her husband has a big trailer park. Actually they have lived in Palm Springs for 13 years. Your Diamond Angel is Mrs. Albert C. Wagner of 404 Camino del Sur.

They are thinking, playing and eating "heart" out at LaQuinta Hotel and Country Club on this heart - type day, with activities ranging from a Valentine golf party to a Valentine dinner dance. The tourney was a ladies' choose up for hotel guests and country club members, arranged by Club Pro Dick Goehner, with every entrant receiving a red, heart-shaped box of dates. Tournament awards will be made in the Flame Room during the cocktail hour. The dinner dance afterwards is being set up cabaret style and is open to the public.

"Once upon a time I was a free Canadian, now I'm a busy American," said Edythe Stern, a former Canadian who became Mrs. Jesse Stern early last fall.

Helping to keep Edythe busy is her son, Leonard G. White who, with his wife, is visiting here from Canada. The Sterns entertained the Whites, and other Canadian and local friends, for cocktails in their Lido Hotel apartment.

Included in the group were: Messrs. and Mmes. Sam Hearn, Henry Lehrer, Bob Colman and Dr. and Mrs. John Graham, all of Canada. Also, Mr. and Mrs. Sam Schaffer of New York, Charles Compton of Anaheim, Carolyn Seamans, Wynn Harris and George Wright, who was best man to the Sterns.

All the out-of-towners are here, at the Lido, for an extended visit. Dick Hill, Lido manager, who was at the party with his wife, commented, "I think I'll fly a Canadian flag outside of the Lido."

FABULOUS JEWELS like these being modeled by Mrs. Charles ("21" Club of New York) Berns will be in the million dollar Laykin et Cie display that will be a feature of the Night at 21 party at the Racquet Club on Friday night. The party, which benefits the Palm Springs Boys' Club will be hosted by the Berns, who have hosted similar parties in New York and San Francisco.

GETS FIT DUTY

SAN DIEGO, Calif. (UPI)—Veteran Navy man Harold E. Rummel was assigned to duty in Adak, Alaska, Friday because his past duty stations failed to make use of his special talent.

Rummel, of Imperial Beach, Calif., has served tours in Sidi Yahia, Morocco; San Juan, Puerto Rico, and Yokosuka, Japan, where he found little use for his classification — "dog sled operator."

BEANS TO STAY

PHILADELPHIA (UPI)—Beans are on the menu to stay in the Red Lion Area Senior High School despite a "ban on the bean" demonstration by students.

Nearly all of the school's 1,000 students toted their own lunches to school Friday to protest government surplus beans they claim are too hard to eat.

But supervising Principal Frederick P. Sample said beans will continue on the menu. The school still has 800 pounds in storage.

GET REAL THING

HORNBURY, England (UPI) — The cast of "Saturday Night at the Crown," a play set in a pub, said today they really enjoy their work.

"We couldn't put realism into a booze-up on cold tea," said one of the amateur players, "so we had the real stuff sent from the pub next door to the theater."

PEANUTS

OH THIS IS AN IDEAL RABBIT CHASING DAY!

THIS IS JUST THE SORT OF DAY WHEN THEY'LL BE OUT BY THE MILLIONS!

C'MON, SNOOPY, LET'S GET OUT AND SNIFF THOSE RABBITS!

YOU DON'T SNIFF RABBITS, YOU SEE THEM!

GORDO

THE FOUR PLAYERS REPRESENT EAGLES OR MACAWS, BIRDS SACRED TO THE SUN, WHO FLY THE FOUR WINDS!

AFTER A CEREMONIAL DANCE ON THE 25-INCH PLATFORM ATOP THE POLE!

THE FLYERS, ATTACHED TO ROPES, HURL THEMSELVES INTO SPACE!

BOES—TURN AROUND! EAGLES! SITTING OVER HERE IN DE PIN STRIPE!

—IS DAT WHO I TINK IT IS?

ARCHIE

THEY'RE GOING TO AWARD ATHLETIC LETTERS AT ASSEMBLY TOMORROW!

I'M DYING TO SEE JUGHEAD FINALLY GET HIS!

JUGHEAD?! THE ONLY WAY THAT CREEP WOULD GET A LETTER IS IF THEY PAINTED IT ON THE BENCH!

WELL, HE'S GETTING ONE!... IF YOU DON'T BELIEVE ME, ASK HIM!

I DIDN'T SAY A LETTER!

POGO

SOMEBODY OUGHT TO KNOW THAT TODAY IS VALENTINE'S DAY.

I ASKED EVERYBODY... NOBODY KNOWS NOTHING!

WHO DON'T?

PORKYPINE! WHAT DAY IS TODAY?

LESSEE... GEORGE WASHINGTON'S BIRTHDAY!

WHY IS MENS SUCH CRITTERS OF DEE-CEIT?!

MARK TRAIL

LEAVE ARTIE ALONE, BUNKY! I'LL TELL YOU WHERE THE POPE IS HIDDEN!

KEEP QUIET, VERN!

LEAVE HER ALONE! SHE'S ACTING SENSIBLY!

OKAY, VERN! WHERE IS IT?

IN ZARKO'S HOME—IN AN URN!

THAT'S EASY, BUNKY! ALL WE GOTTA DO IS TAKE IT!

THAT'S A LAUGH! THE PLACE IS IN GOVERNMENT CUSTODY! THERE'S AN FBI AGENT, CORREAN, WITH SOME MEN THERE NOW!

THERE ARE PROBLEMS! BUT NOT INSOLUBLE ONES!

SECRET AGENT

HEY, THAT'S A POLICE PLANE!

THIS SHOULD TAKE CARE OF JOE... NOW I'VE GOT TO STOP RENEE!

...AND HE'S TRYING TO KEEP RENEE FROM TAKING OFF!

FLINTSTONES

HEY, BARNEY, WHAT TIME IS IT?

I DUNNO, FRED! WE GOT TWO CLOCKS AND NEITHER ONE WORKS!

THIS ONE'S GOT SAND IN IT...

AND THIS ONE HASN'T!

Church Circle to Assist Migrants

The Friendship Circle of the Community Church met Thursday at 12 noon with 28 attending. They were served a delightful luncheon and had an interesting Bible study outline, brought by Mrs. Dewey Wallace, and a devotional talk by Mrs. W. Bisbee.

The Circle voted to continue their help with the migrant people, through the Welfare Clinic in India. They will make more layettes having made about 10 last year for babies born to destitute families. There were twelve of the ladies who volunteered their services in the Health Clinic, one day each month. This is badly needed.

Mrs. Harry Samelson, Rio del Sol road, was invited to report on her work with the Navajo Indians in Arizona. For many years, she has carried on the work of soliciting, collecting, sorting and delivering clothes, bedding, dishes or cooking utensils to them, among the poorest of American Indians.

The Friendship Circle voted to assist Mrs. Samelson in any way they can. Mrs. Cloe Vogus is in charge of contribution with children's clothes and shoes most desperately needed.

Hostesses were Mrs. Phoebe Cornelius, Mrs. Janet Ried, and Mrs. Priscilla Kidwell. The moderator was the president, Mrs. Beatrice Eaves.

Tony Schaefer on Calle Jessica is on a business trip to Pittsburgh, Chicago and other cities in the east. On the way home, he will stop to visit his mother, Mrs. L. J. Schaefer, in Watertown, Wisc., and a daughter, Mrs. William Bringa (nee Delores Schaefer), Denver, Colo., who will introduce him to his 15th grandchild.

Mr. and Mrs. Harry Lennie have entertained nieces from Michigan the past few days. Mrs. Silver Adams of Lansing and Mrs. Sada Doman of Detroit enjoyed the beautiful desert sunshine, in contrast to their frozen Michigan weather. Mrs. Adams is in the potato-chip business in Lansing and was in attendance at a convention of that business in Los Angeles. The Lennies' daughter, Mary Jean (Mrs. Don Macpherson) and three children, Donny, Lorri, and Bruce were also here, from their home in Palmdale.

The Property Owners Association met at the home of Mr. and Mrs. Tony Schaefer on Calle Jessica. This Association was organized for the purpose of planning and controlling the orderly growth and development of the community of Thousand Palms for the benefit of all property owners, and to encourage community thinking, studying and planning for its full development as an agricultural, recreational and residential community.

Mrs. Hazel Pries was co-hostess with Mrs. Schaefer, and after a brief business meeting, there was

Writers are Guests of DHS Library

DESERT HOT SPRINGS—Writers June LeMeit Paxton, Yucca Valley; Grace Parsons Harmon, Desert Hot Springs; and Harry Oliver, Thousand Palms, were guests of honor for the annual recognition tea of the Desert Hot Spring Library Board here.

Herbert A. Eccleston, board president, announced the awards for the fete in the library headquarters at 66-346 Pierson Boulevard.

County official guests included Norman S. Horne, supervisor of the county library's extension division; Albert Charles Lake, county librarian; Lucille McLeod, county branch library supervisor; and Mrs. Jean Agnew, former extension service chief.

Librarian here is Mrs. Kathryn Brison, and assistant librarian is Mrs. Grace Tarbutton. Library board members include Mesdames Adele Green, Allan Horton, Robert Ritchie, and Howard B. Greene.

LUCKY CONVERSATION

NEW YORK (UPI) — Arnold Michaelis, producer-host of "Adlai Stevenson Reports" on ABC-TV, began his adventures with public conversation by accident. While producing classical records for Columbia, he taped a conversation with Bruno Walter on the conductor's 80th birthday and it came off so well they issued it as a record.

Since then Michaelis has recorded conversations with Rodgers and Hammerstein, Adlai Stevenson, Eleanor Roosevelt, Indian Prime Minister Nehru and Maurice Chevalier.

World Hopeful Peace is Coming to Congo

Foreign News Commentary
By PHIL NEWSOM
UPI Foreign News Analyst

Time and again in a year and a half of turbulence and crisis there have been hopeful predictions that now at last peace gradually was being restored to the Congo.

And time and again these hopes have crumbled, washed away in bloodshed, the ambitions of rival leaders and a conflict of interest extending far beyond the borders of the Congo.

—Beatrice Eaves

The present marks another period of hope. Chief contributing factor is the new era of good will existing between President Moise Tshombe of secessionist Katanga Province and the United Nations forces he once denounced.

Blood Brothers
Elisabethville dispatches scarcely concealing the astonishment of their authors report that Tshombe and Gurkha Col. S. Maitra now are blood-brothers as result of an impromptu ceremony on Indian Independence Day. They also re-

port that Tshombe now counts U. N. military commander K.A.S. Raj "Among my friends."

In contrast, is the background of recent events in which Maitra's Gurkha troops used their knives enthusiastically on Katanga throats.

The authority of the central government under an arrangement which still would leave him considerable autonomy.

The case of Tshombe has been a curious one. His cause roused great sympathy in Belgium, France and Great Britain whose citizens are heavily invested in the Union Miniere du Haut-Katanga, the combine which controls Katanga's great mineral wealth.

As illustrated by his new-found friendship for the Indians Tshombe's own attitude has vacillated.

Outside Elisabethville and under U. N. pressure he has made promises which he renounced when he returned to the surroundings and influences of his own province. There, the European influence was profoundly opposed to U.N. intervention and many of Tshombe's white "mercenaries."

Pneumatic tire shipments are expected to reach a record peak of 130 million units in 1962, according to the Goodyear Tire & Rubber Co.

actually were unpaid volunteers. Katanga dispatches suggest that most of Tshombe's paid mercenaries now have departed, escorted out or just drifted away.

COMPOSER BECOMES ILL
LONDON (UPI) — American composer Aaron Copland was taken ill Friday night while rehearsing the London Symphony Orchestra. An orchestra official said later Copland was "all right now," but he did not specify the nature of the composer's illness.

Horoscope Forecast

By CARROLL RIGHTER

Thursday, February 15, 1962

GENERAL TENDENCIES: Not a very important day. You are apt to feel lethargic and would be wise to get as much rest as possible. Your stomach also needs a rest from too much food or a nervous tension can build up. Be sure you look into the best means by which you can organize your everyday routines so you have greater well-being in the future.

ARIES (Birthdays from Mar. 21 to Apr. 19) — If at home, get busy putting kitchen in order, clearing out closets, etc., that will make more operative, comfortable. But if you must be out in the world of activity, handle other home affairs wisely, as well. Be kind to kin in P.M.

TAURUS (Birthdays from Apr. 20 to May 20) — Be sure to get marketing done as well as handle any outside business affairs that are important at this time. Later, get caught up on correspondence. Leave hobbies until the evening when you can get at them leisurely.

GEMINI (Birthdays from May 21 to June 21) — Monetary affairs require your undivided attention today, so be very sure you contact experts who can give you fine ideas how to increase income to meet every need and have an abundance for the future as well. Discuss own ideas, too.

MOON CHILDREN (Birthdays from June 22 to July 21) — You can accomplish almost anything you desire now, provided you first take the health and beauty treatments you need so that you will be at your best when contacting others. Tonight is fine for attending worthwhile social affairs.

LEO (Birthdays from July 22 to Aug. 21) — You can clear up all those business and personal problems nicely now by simply applying yourself in a positive fashion. Don't procrastinate any longer or you meet with losses and disappointments. Improve personal appearance first.

VIRGO (Birthdays from Aug. 22 to Sept. 22) — If you go out of your way to do something nice for allies, you can cement better relations with them, which is vital at this time. Reply social visits in P.M. and make new contacts as well that are worthwhile.

LIBRA (Birthdays from Sept. 23 to Oct. 22) — By consulting with supporters now, you are able to arrive at a better method of operation for the future. This will insure greater success in civic or business affairs.

SCORPIO (Birthdays from Oct. 23 to Nov. 21) — By looking into new outlets today and meeting persons of far different background to your own, you can find a far more satisfactory method of self-expression that will also be very lucrative. Be sure you study newspaper well, also, for added data.

SAGITTARIUS (Birthdays from Nov. 22 to Dec. 21) — By analyzing your relationships with others, you can clearly see where you may be erring and can then use a more workable psychology as well as operate in a more practical way so that you get far better results. Improve bookkeeping.

CAPRICORN (Birthdays from Dec. 22 to Jan. 20) — Using a more direct approach is the best method of eliminating any opposition from others who are vital to your welfare. Also, consult with associates before taking any action, listen to their ideas, etc. Step out socially in P.M.

AQUARIUS (Birthdays from Jan. 21 to Feb. 19) — Sincere application is all that is needed now to accomplish a great deal, meet obligations. Clear the slate for more interesting and vital affairs that will soon have to be handled. Take needed health treatments in the evening.

PISCES (Birthdays from Feb. 20 to Mar. 20) — Take time to plan amusements wisely for the weekend. Then get in touch with those whose company you can truly enjoy. Improve appearance later and get wardrobe in order so that you can be at your best and have much savoir faire.

If Your Child Is Born Today, He, or she, will soon show a great deal of interest in home, architecture, interior decorating, etc., and it would be well to slant the education along these lines as a possible profession. There is apt to be hypersensitivity in this chart which can be offset by much intermingling with others early in life, as well as lending the needy a helping hand.

Carroll Righter's individual "Astrological Forecast" booklet for March is now ready. For your copy send your birthdate and 50 cents to Carroll Righter Forecast, The Desert Sun, Box 1921, Hollywood 28, California.

GROUNDING ATTACK BOMBER Dumbo I, an A 26 plane of World War II fame that started as a kit, sits on the barracks lawn after completion by builders, Staff Sgts. Charles V. Walker and Robert E. Bennett of Headquarters and Service Company, Marine Corps Base. The two Leatherneck craftsmen hope to enter their radio controlled bomber in meets at Chino, San Diego and Los Angeles, but are not sure how to transport it without disassembling.

Two Marines Assemble 'Grounded Bomber'

TWENTYNINE PALMS — Two Marines at the Marine Base near here have a problem — how to transport their A-26 Attack Bomber off the Base without disassembling it. The National Aeronautics and Space Administration has their orbital flight crafts, but Marine Staff Sgts. R. E. Bennett and C. V. Walker have their Dumbo I, an A-26 bomber of World War II vintage, serving both in the Pacific and European Theaters. Dumbo I has a seven foot, three inch wing span, is five feet long and weighs about ten pounds. The craft is constructed of balsa wood and sports its waagonsilleg nsee (Combat 35s) that enable it to attain a flight speed of 65 miles per hour.

'Lizard Tale' Gets Editor At 29 Palms

TWENTYNINE PALMS — Jonnie Lubbock, a senior at the Twentynine Palms High School, has been named editor-in-chief of the school's literary magazine, the "Lizard's Tale". Jonnie is the daughter of Mr. and Mrs. Clyde G. Lubbock of this city.

The publication provides an outlet for students in creative writing, featuring poetry, short stories, essays and original drawings by art students. This is the third year the magazine has been published.

Assisting Miss Lubbock will be Frances Singletary, also a member of the senior class. Other students working on the publication include Margaria Ewing, finance; Linda Griffin and Rodger Hodges, circulation; Karen Odgers and Carol Ash, copyreaders; Joan Pekarovich, art editor; Donna Katzorke, production; and Larry Mayner and Steve Hall, assembling.

Mrs. Barbara Sauser will be faculty advisor, with Mr. Donald Chiappetta, Mr. Donald Malone, Mr. Ernest Crutcher, Mr. Theodore Hayes, and Mr. Thomas Nicols, serving as an advisory board.

Water Colors Displayed at Padua Hills

An exhibition of watercolor paintings by Marciano Martinez opened this week at Padua Hills Dining Room and Theatre near Claremont.

The showing consists of twenty paintings, ranging in subject matter from local scenes to Mexico and Guatemala.

Milford Zornes, art director at Padua Hills, describes the young artist's works as brilliant, freshly executed watercolors, contemporary in concept but employing good traditional transparent watercolor technique.

Martinez is the son of Mrs. Guadalupe Martinez of Claremont. He graduated from Claremont High School in 1958, at that time winning a national scholarship to the California College of Arts and Crafts in Oakland. He has also been the recipient of a scholarship to Otis Art Institute in Los Angeles and in 1960 spent a year on scholarship at San Carlos University in Guatemala. He is now attending Los Angeles State College where he is majoring in art education. The current exhibition is the artist's sixth one man show. He has exhibited in Berkeley, Oakland, Guatemala City, Claremont, and Riverside.

Indians Squeeze Out 48-45 Win

THERMAL—The Palm Springs Indians bounced back into the win column and added another Desert Valley League triumph to their list last night when they edged the Coachella Arabs, 48-45.

Although three playmakers on Coach George Hertzke's quintet scored in the double digits, Coachella's little George Martinez stole the show as he rang the bell for 23 markers for game honors.

Mark Edwards and Tyron Taylor flipped in 11 points apiece and

Carlos Reyes was adding 10 tallies for the fourth league victory chalked up by the Indians.

The Arabs gunned to a 16-10 edge at the close of the first quarter and added another 10 points in the second stanza, while the Indians were picking up nine. When the buzzer sounded indicating the half-way mark, Coachella was out in front, 26-19.

In the third period, the Indians found the range and dropped 15 tallies through the hoop as the

Arabs were only able to pick up seven points enabling the Indians to squeeze in front, 34-33, at the close of the third go-round.

The fourth and final eight minutes of play was a nip-and-tuck affair as the Redmen accounted for 14 points and Coachella was registering 13 to give the Indians a 48-45 win.

Taylor slipped one more notch down the ladder in the individual scoring derby and is sole owner of No. 4 spot in the DVL. Edwards

nosed out Gus Walton to nail down No. 9 position by a mere one-tenth of a percentage point. Edwards has a 10.2 average and Walton rounds out the list of the top ten shooters with an average of 10.1 per game.

Ted Page, the Yucaipa shotmaker, continues to lead the league in scoring as he poured 19 markers through the nets last night as he led his teammates to a 53-31 smashing victory over Twenty-nine Palms.

Frank Rievers put on a scoring show in the Bee game as he sparked the Papooses to a 55-48 win over the Coachella junior varsity.

PALM SPRINGS—48 — Taylor, 11; Bradley, 1; Edwards, 11; Gottlieb, 3; Clements, 3; Walton, 9; Reyes, 10.

COACHELLA—45 — Earl, 3; Edwards, 6; Martinez, 23; A. Robinson, 8; Calderon, 5.

Koufax Returns LA Dodger Contract Still Unsigned

United Press International

For the first time in his major league career, pitcher Sandy Koufax has returned unsigned a contract offered to him by the Los Angeles Dodgers but he insisted today he was not a holdout.

The slim, darkhaired lefthander was confident, that he and Dodgers General Manager E. J. (Buzzie) Bavasi will work out an agreement both will find satisfactory. But Koufax has been too busy to drop in on Bavasi and discuss why he feels he deserves more money than the Dodgers offered him. The reason he hasn't found time is that he is working in a filmed television show.

"I'm in a sequence of the 'Dennis the Menace' show," Koufax said. "The part isn't difficult because I'm playing myself and it has to do with baseball." But Koufax says as soon as he finishes work in "Dennis and the

Dodgers," he intends calling on Bavasi to discuss his 1962 contract.

Gets Same Contract

"I never sent a contract back to the club before," Koufax pointed out. "When I returned the contract to Bavasi he didn't call me or anything, he just mailed it to me again and I sent it back to him."

"I may be wrong, but I don't think he expected me to sign that contract. But I think we will work out something before the team leaves for Vero Beach a week from Saturday."

ACTOR WAS BALLPLAYER

HOLLYWOOD (UPI) — Chuck Connors, TV's "Rifleman," played major league baseball with the Brooklyn Dodgers and the Chicago Cubs and pro basketball with the Boston Celtics.

Songwriter Sells Home To Haney

Paths of songwriter Al Truce and the Angels have crossed again.

The author of "Let's Go, Angels," the theme song of the American League club, Trace moved out of his Palm Springs home at 1874 Caliente Road yesterday so that new owner Fred Haney could move in. Haney is the general manager of the Angels.

Trace, who has also written songs such as "If I Knew You Were Coming, etc.," and "You Call Everybody Darling," knew Gene Autry, board chairman of the club, back in the 1930's when he was a struggling band leader and Autry was a youngster with a guitar singing on The National Barn Dance over WLS, Chicago.

The song-writer has moved to Los Angeles, but he will be a frequent Palm Springs visitor, he reported.

He also plans to keep close tabs on the Angels this year — and picks them to pick up at least two notches on their 1960-1961 eighth place finish.

Three Teams Tied for 1st In Choose Up Golf Tourney

Three sets of foursome's finish in a three-way tie for top honors in the weekly O'Donnell and Golf Club Choose-Up tourney when the quartets posted scores of 51.

The teams of Steve Selak, Carl Haymond, Henry Wheeler and Norman along with Steve Talavera, William Hyde, Amos Bom-

berger and C. L. Egtved tied the top of E. Ken Todd, D. C. Stachler, Barney Gengenbach and W. R. Carter.

Second place winners was the team made up of Vic LoBue, Floyd Trombetta, Herb MacKenzie and H. A. Panizzera.

A field of 12 teams participated in the weekly golf tournament.

10 GOAL PLAYER

Eldorado 'Gold' Team Plays British Sunday

One of the world's three active 10 goal players... Bob Skene of Santa Barbara... was named today to head the Eldorado "Gold" team which meets the Hurlingham polo team of London, England, in the second of three international matches, this Sunday afternoon, at the Eldorado polo grounds in Palm Desert.

Hurlingham the first English team to play in the United States since 1937, won last Sunday's opener against the Eldorado "Red" team, 10-5, with Captain Lord Patrick Beresford getting six goals in the six chukkers of action. Riding at number one, and rated at three goals, Capt. Beresford got two goals in the third chukker, three in the fourth and one in the fifth.

Club president Will Tevis also named five other players to make a 13 goal team, the same rating that the British team has. Tevis said that the final foursome will not be named until later in the week. Those named include Bob Alexander, San Antonio, Tex., John Donaldson, three goals, Santa Barbara; Lisle Nixon, two goals, Santa Barbara; Ted Pierce, one goal, Covina Highlands; and his 17-year-old son, Steve, a Palm Springs high school senior.

Liston to Get Crack At Title

PHILADELPHIA (UPI)—Sonny Liston is expected to sign later this week for his long-sought crack at Floyd Patterson's heavyweight title.

The fight will be held in June at one of four proposed sites—New York, Los Angeles, Philadelphia or Chicago.

Patterson already has accepted Liston as his next challenger and has authorized Championship Sports, Inc., to sign the 27-year-old Philadelphia kayo artist for the \$10 million bout, it was learned by United Press International Tuesday night from an official source.

Championship Sports promoted Patterson's last title defense against Ingemar Johansson at Miami last March.

Liston, who has scored 23 knockouts while winning 33 of 34 professional fights, has been seeking a title bout with Patterson for more than two years. However, the champion had insisted that Sonny first divest himself of his old managers, who reputedly had underworld connections, before he would give him a title shot.

Negotiations for the fight also were stymied when Liston twice was arrested for minor misdemeanors last year.

Liston, though, broke with his old managers and then placed himself in the care of a Catholic priest for rehabilitation.

ALL BUT TWO IN FOLD

LA Angels Sign Three Hurlers

With the start of spring training just around the corner, General Manager Fred Haney of the Los Angeles Angels reports that he now has all but two of the 39 men on the roster under contract.

Haney yesterday received the signed pacts of three pitchers — southpaws Jack Spring and "Bo" Belinsky and rookie righthander George Conrad of Newhall, Calif.

Two Unsigned
Outfielder Leon Wagner and Felix Torres are the only men unsigned, but the Angels' General Manager says "I expect to see Wagner at Palm Springs next week, for we are not too far apart right now." Wagner will not be regarded as a holdout unless he is unsigned and not in camp when the Angels open spring training

next Tuesday at the Polo Grounds in the desert resort city. Torres has not made contact with the Angels, but Haney doesn't expect any difficulty with him when he reports.

Spring is the 28-year old lefthander who joined the Angels in mid-August last year and pitched very creditable ball. In 18 games, Jack chalked up a 3-0 record and impressed manager Bill Rigney. The Angels skipper plans to use Springs as a spot starter and middle relief pitcher. The 6-1, 180 pound hurler had an 8-7 record for Dallas-Ft. Worth last year before joining Los Angeles.

Four Drafted
"Bo" Belinsky is one of the four players the Angels drafted last December from the minor leagues. The 25-year old southpaw, a most colorful individual, was

selected from the Rochester club in the desert resort city. Torres has not made contact with the Angels, but Haney doesn't expect any difficulty with him when he reports.

Belinsky, a native of New York City but now a resident of Trenton, N. J., has a most impressive strikeout record. He fanned 183 men in 174 innings last season. Then this winter, he continued his fine mound work in the Venezuelan circuit with 156 strikeouts in 157 innings. He had a 13-5 record and "Bo" was second in ERA with 2.12.

Righthander
Conrad, who will be 22 on April 23, was signed by head area scout Rosey Gilhouse last year. He immediately joined the Angels' class D farm club at Statesville, N. C. The stocky 5-11, 190, righthander

had a most impressive inaugural campaign in organized baseball, recording an 11-7 record, while leading the league in three departments — ERA with 3.21, strikeouts with 172 and innings-pitched with 168.

Rigney will have 46 men in camp next week—the 39 on the big club's roster and seven non-roster players. Tanager, who saw brief service for the Angels in September last year.

Zoning on Westview Fails Again

A four-member quorum of the Palm Springs City Council failed to introduce the zone change for Westview Development Corp. for 13.34 acres on the city golf course Tuesday, when Councilman Harry Paisley voted against the proposal.

The action simply deferred the introduction to the next Monday's meeting, the council told Richard J. Hanousek, prospective builder of 124 cooperative apartment units planned for the site.

The zone change, for R-2 limited multiple dwelling use, was introduced two weeks ago on a 4-3 vote, but was restarted Jan. 5 when a question of whether the development should tie into the city sewer system with uphill pumping was brought to the council. Councilman Ted McKinney last night moved that the zoning be approved, subject to subsequent councilmanic decision on the sewer tie-in private sewage plant operation.

The council deferred amendments to the ordinance creating the new Traffic Advisory Committee to next week, when more councilmen are expected to consider the matter. Amendments would increase the size from seven to nine members, with the police and public works member without a vote. George Ripley, nominee of the Palm Springs Chamber of Commerce, and Don Miller, nominee of the PS Safety Council are seen as sure appointees. The council has seven other nominees.

The council approved change orders for additional work on the North Palm Canyon Drive improvement project, and agreed to pick up an additional \$21,052 for the job, plus \$1,350 for added engineering work. The assessment district, which gets a bill for approximately \$10,800 for an added \$21,925 worth of palm trees, was shielded in added bills by bond limits, City Attorney Jerry Bunker explained.

Drove Nails Into Auto

A bizarre case of malicious mischief was reported to Palm Springs police Tuesday morning when George Oliver, 537 Calle Abronia, reported nails in his car.

According to the report, made at 8:50 a.m., someone drove nails into the tires and body of his automobile.

Police are also checking out a report of prowlers in the neighborhood.

Suitcase Theft Loss at \$101.45

Theft of \$101.45 worth of clothing in two suitcases was reported by Ponce DeLeon Deere, of 412 N. Indian Avenue Tuesday evening.

Deere told Palm Springs police officers that someone apparently took the suitcases from his home sometime between 10:30 a.m. and 8:30 p.m. yesterday.

HOTOPA Okays Dues Increase for Members

The Palm Springs Hotel and Apartment Association board Tuesday approved a membership dues increase, and named three committees to study association and civic problems, Dr. Sherman Dickinson, HOTOPA president, announced.

Dues increases recommendations submitted by the association's finance committee and approved by board action included upping the minimum membership from \$10 to \$15 yearly. Rental unit dues above the minimum to a \$100 maximum was set at \$2.50 per unit. The rental unit assessment above the \$100 maximum is 25 cents, Dr. Dickinson said.

Roger de Sarno was named to

head a traffic committee, with members Ray Larson, R. H. Lewis, Lawrence Hess, Jim Kelly, and Jim Runte.

Bulletin committee chairman is Vera Lamprecht, with members Adele Colgan, Rosanna Moss, Dale Rowley, Shadow Low and Bernice Horack.

Ed Jones was named to head the HOTOPA nominating committee. Committee members include Harry Paisley, Loren Rowley, Dick Atterbury, Jim Runte and Joe Mendelsohn.

Dr. Dickinson heads a coordinating committee in the hotel industry, promoting sale of Los Angeles Angels tickets here. HOTOPA membership now totals 168, C. C. Means, manager, reported.

Art Protest Misdirected

A comment by a Palm Springs council member citing outdoor art displays at The Center as one of the displays protested by art store dealers was erroneous, Mrs. Githa Ruisi said.

Mrs. Ruisi explained that outdoor art displays in The Center are sponsored by Le Monde Arts, a firm with a city store license. The displays are surrounded by private property, similar to a display cited by a councilman as probably authorized under city code.

Councilmen, who discussed the open air art displays in a luncheon meeting with the planning commission last Monday, said outdoor displays had been held at several locations in town. Indoor or walled displays by groups holding a city license were okay, the city fathers observed.

Boy Trio Nabbed on Auto. Spree

The third time wasn't a charm for three juvenile boys from Arlington last night. They were nabbed by California Highway Patrol officers in their third stolen vehicle following an auto theft binge.

Two 14-year-old youngsters and one 15, who were described by local officers as looking "even younger than that," were booked into Palm Springs jail about 2:30 a.m. today.

According to the police report, the three stole a car in Riverside and abandoned it in Idyllwild. They stole another there and drove to Palm Springs where they abandoned the second car at Highway 99 and Indian Avenue.

The trio picked up another car from the Monkey Tree Hotel at 2388 Racquet Club Road, and were on their way again when the CHP caught up with them on Indian Avenue.

According to the report, the three carried a loaded 32-calibre revolver in the glove compartment and a 22 rifle in the car.

New FINANCING PLAN FOR HOME BUYERS... ONE LOW-COST SOURCE FOR BOTH FIRST AND SECOND MORTGAGE LOANS

The TWIN-LOAN HOME FINANCING PLAN

If you're buying, building or refinancing a home, here is a new plan that will give you the cash you need...faster...and save you money too!

YOU GET MORE CASH, past the limits of most conventional first-mortgage loans.

YOU SAVE MONEY, because no fees are charged for arranging the second-mortgage loan...and only one escrow is needed. You'll also be in a position to buy for less because of being able to offer cash.

YOU SAVE TIME, because all details for both loans are handled in one office. It's more convenient, too...making payments on both loans with just one check.

YOU DEAL WITH RESPONSIBLE FINANCIAL INSTITUTIONS. The Twin-Loan Home Financing Plan is sponsored by Financial Federation, Inc., a group of eleven California savings and loan associations...including ours...and Pacific Finance Corporation, one of the nation's leading consumer finance companies with more than 400 offices in the United States and Canada.

Visit our office, pick up a free Twin-Loan information folder, talk to our real estate specialists.

BACKSTROKE is only one of the accomplishments of three-year-old Jenny Lee Cook of Rancho Mirage. Her swimming coach says she should make the Olympics by the age of 14, that he has never seen such natural ability in a young swimmer.

Rancho Mirage Child Seen as Aquatic Star

By JEAN PATANE

A star is rising in the aquatic firmament in the person of little Jenny Lee Cook. Towing at the age of three, Jenny Lee, daughter of Mr. and Mrs. Max Cook of Rancho Mirage, trains daily 200 yards under the watchful eye of

her coach Pearl Miller, Rancho Mirage swimming instructor. Swimming comes as natural to Jenny as walking. Her mother started her paddling in the pool when she was three months old and at two she was in competition.

Jenny gave an outstanding performance, swimming all competitive strokes, recovering her coach from the bottom of the pool and towing her to safety, for neighbors, coach Joe Miller, of the Riverside Swim Club and yours truly. Coach Miller is entering her in races for five and six year olds on Feb. 17 at the Riverside Swim Club on Benedict Ave. in Riverside.

Said Coach Miller, "In all my aquatic experience I have never seen so much natural ability in a young swimmer. She should make the Olympics at the age of 14. I feel honored to have her on our team." Watch her grow and go."

Foreign News Notes

By PHIL NEWSOM

UPI Foreign News Analyst. Notes from the foreign news cables:

Influence People:

The Soviets have a busy week coming up. They must decide how to answer U.S.-Anglo proposals for a foreign ministers' meeting at Geneva to consider a way out of the nuclear weapons testing ban deadlock. A negative answer would put them behind the propaganda eight ball. On the other hand diplomats in Moscow say chances for the success of any such meeting will depend on the West coming up with some new idea, of which there has not yet been any sign.

The next week also may see important developments resulting from the Kremlin's proposal for direct negotiations with the West Germans on the whole German question. The decision probably will hinge on the meetings in Bonn of West German envoys to Moscow Hans Kroll and other West German ambassadors.

Deadlocks:

Soviet Col. A. V. Solovyev's refusal last Friday to answer an American sentry's challenge for identification at the Friedrichstrasse crossing point appears to have ended for the time being a British attempt to reinstate unhindered crossing rights between East and West Berlin for the four-power commandants and their aides.

The Americans are in the chair of the three Western powers' commandatura this month and they take a more rigid line on the right of the commandants to cross without showing any identification than do their British and French colleagues.

Rumors:

Although officially denied, rumors persist in Paris that President de Gaulle plans to fire Premier Michel Debre as soon as it is possible after the Algerian war ends.

India Starts 10-Day Elections on Friday

EDITORS' NOTE: India's third general elections, largest in the free world, will be spread over a 10-day period beginning Feb. 16. The following dispatch outlines the issues at stake and the mechanics of polling a 210-million-member electorate.

By PATRICK J. KILLEN

NEW DELHI (UPI)—India begins a massive 10 days of voting on Friday to choose a national parliament and state legislatures in the world's biggest election. Issues range from Communist China to local banditry, but there is general agreement that Prime Minister Jawaharlal Nehru will score another easy victory.

Election officials estimate that 126 million Indians—60 per cent of the nation's 210 million electorate—will vote from the time the polls open Friday in the thatched hut regions of West Bengal until they close in the smoggy suburbs of Bombay Feb. 25.

India sets a record for free elections each time it chooses a new parliament. In 1957, 92 million persons voted. In 1952, the first elections as a republic, the figure was 88 million. (In the 1960 presidential elections in the United States 68,838,005 votes were cast.) Nehru's Congress party is the undisputed favorite to retain control of parliament and all of the 15 state legislatures.

Menon Faces Fight

But for one of his too sides, the election is a fight for political life. V. K. Krishna Menon, controversial defense minister and frequent U.N. spokesman, has been criticized at home and abroad for leaning too far left in his neutralism.

His opponent in the north Bombay constituency is Acharya J. B. Kripilani, who charges that Menon "represents Communist China and not India."

Kripilani, a Gandhi follower and two-time election winner in other districts, has made his campaign issue "Gandhism vs. Marxism." Menon, with powerful Congress support, was a 6-4 favorite at the close of the campaign, but the 73-year-old Kripilani had strong allies.

Running as an independent, he won the support of all the opposition parties except the Communists. Menon won the seat five years ago against a badly split opposition.

A resounding victory for Menon would give a boost to India's left-wing Socialists and to the defense minister's personal prestige. A narrow victory or a defeat, on the other hand, would show a repudiation of both.

Has Nehru's Support

Nehru has said that although he has no special liking for Menon, he supports his candidacy because he is his top foreign policy aide. But other Congress party members disagree. More than 150 quit the party to campaign for Menon's opponent.

Bandits have entered the campaign in the central Indian state

of Madhya Pradesh. Armed gangs, known as dacoits, are attempting to get out the vote against the state officials who have cracked down on them the hardest.

The voting must go on for 10 days because of the sheer numbers involved. The electorate, less than half of India's 438 million population, consists of all registered Indians, male and female, 21 or over. Illiteracy is no bar. If a voter cannot read, he just searches his ballot for the symbol of his political party.

It took four months to complete the first election in 1952 and 19 days in 1957.

Voting Staggered

Voting will be staggered in most states, with outlying areas where transportation is scarce voting first and cities last. The voters in rural West Bengal will be the only ones participating Friday. A majority of the states begin next Monday.

No ballots will be counted until the voting ends, and full results will not be known until Feb. 28 or March 1. Election officials hope to have some results—probably New Delhi's parliamentary constituencies—by late evening the day polling finishes.

The number of candidates is staggering—1,979 for the 494 seats in the lower house, and 12,625 for the 2,855 state assembly seats at stake.

Congressman Says 'Record' Is Too Fat

WASHINGTON (UPI)—The Congressional Record, which purports to publish verbatim proceedings and debates of the House and Senate, is as much a part of the national capital scene as the Washington Monument.

Only the monument isn't getting bigger every year. The Record is growing lustily. Rep. Paul C. Jones, a peppery Democrat from the bootheel country of southeastern Missouri, views it with alarm. The problem, as Jones sees it, is that the Congressional Record is getting so it tells you more of what is being said and done outside of Congress than in it.

Coupling the steady increase in the size of the record with the fact that its production cost has just gone up from \$81 to \$90 a page, Jones says: "We are spending more money to put out more useless information than ever before."

Last year, it cost more than \$2.5 million to print and distribute the 20,244 pages of the Record proper and 8,435 pages of appendix that flowed down Capitol Hill to the government printing office. That is an increase of 6,000 pages of Record and 1,000 pages of appendix in 10 years.

WASHINGTON WINDOW

JFK Remark Reveals Worry Over 'Rocky'

By LYLE C. WILSON

WASHINGTON (UPI) — President Kennedy's news conference about Gov. Nelson A. Rockefeller being more of a conservative than Sen. Barry Goldwater should be read in the light of this capital's peculiar illumination.

This capital is illuminated by politics. In that light, the news conference about Rockefeller might be a tough nut to beat. Considered as a tactical maneuver in the endless political battle, Kennedy was and is seeking to protect his own liberal, left-wing, racial, independent flock from Rockefeller raiders.

Must Build Margin
There probably will be more rather than less of that. Rockefeller is a candidate this year for reelection as governor. He was elected in 1958 with a margin of 580,000 votes. Rockefeller needs to do much better than that this year for a proper blast-off toward 1964. It has been suggested that to consolidate his position in the Republican party, Rockefeller needs a victory margin of 750,000 to 1,000,000 votes.

Rockefeller is trying to bring this about. Kennedy is trying to prevent it.

To win reelection this year by the desired margin, Rockefeller must attract independents, liberals, Negroes and others who voted in 1960 in New York City for Kennedy.

These groups also voted for Kennedy in other great urban areas. If they had voted for Richard M. Nixon instead, Nixon would have been elected president of the United States.

It follows that if Rockefeller can attract these voters in New York City this year, he might expect to attract the same type of voters in 1964 in other great cities. If Rockefeller is dreaming about such things as that, it is reasonable to believe that Kennedy is thinking about the same.

SUNAIR

Guests from Oregon To Minnesota Visit

Visitors from Minnesota, Mrs. Veta DeWitt and Miss Ella Weisel, who make their homes in Austin, arrived last week for an extended visit with Mrs. Irene Speck at her home on Palo Verde Drive.

Houseguests last week at the home of Mr. and Mrs. T. V. Gould were her sister Mrs. Miriam Kridel from Redbank, N. J., and another sister and husband, Mr. and Mrs. Gorman Roberts of Phoenix, Ariz. The visitors drove here from Phoenix where Mrs. Kridel is enjoying an extended vacation.

Enjoying a desert holiday away from the damp north as guests at

the Sunair Terrace are Mr. and Mrs. M. S. Burgher, here for 10 days from Seattle, Wash.; Mr. and Mrs. Charles E. Houser, also from Seattle; Mr. and Mrs. Floyd W. Smith from Kent, Wash.; and Mr. and Mrs. Charles F. Tuttle from Sebastopol. Mr. and Mrs. A. J. Carter and Mr. and Mrs. S. Sawyer of The Dalles, Ore., were at the Sunair Terrace for the weekend.

After enjoying the weekend swimming in the rain at the home of Mr. and Mrs. Raymond Magee, their daughter and family, Dr. and Mrs. Theodore Erler and children, Ted, Wendy, Mary Sue and baby James, left Monday for their home in San Marino.

Dr. and Mrs. Gordon Whitcomb of Everett, Wash., are at the Sunair Motel for several weeks and Mr. and Mrs. Carl Boyd of Pullman, Wash., have returned for another two-week desert visit.

Again this year, Mrs. George Devine and children John and Mary Beth of Portland, Ore., are spending several months with her parents, winter residents, Mr. and Mrs. Bliss Dallas, Devine, who drove the family down, returned to Oregon after a two week visit.

Among the guests at the Palos Verdes Apartments are Mr. and Mrs. A. L. Peterson of Boise, Idaho, here for a month or more, and Mr. and Mrs. E. A. Pearson of Medford, Ore., who plan on spending several weeks. Mid-week guests included Opal Darlington and Edith Hammel from Costa Mesa, Mr. and Mrs. W. W. Wasar from Tustin, Mr. and Mrs. W. C. Garvin from Charleston, S. C., Mr. and Mrs. F. N. Johns from Athena, Ore., and Mr. and Mrs. V. L. Samuelson from Pasadena.

Mr. and Mrs. Hugo Schoellkopf arrived by plane last week from their home in Calgary, Alberta, Canada on their annual two-month visit with their daughter and family, the Orvil Zappes.

Over the weekend, Mr. and Mrs. Garrett Shelton had as their houseguests Mr. and Mrs. Gordon Howard who make their home in Burbank.

WASHINGTON (UPI) — President Kennedy Tuesday accepted a small model of the old sod-buster plow to open the year-long observance of the 1862 Homestead Act centennial.

Lions Stage Breakfast Saturday

CATHEDRAL CITY —The Cathedral City Lions Club will host one of its popular "all-you-can-eat" breakfasts next Saturday morning, from 7 a.m. until 12 noon, in the parking lot adjacent to 68-635 Broadway at the corner of Broadway and Glenn Streets in Cathedral City. The public is invited to participate for small donations.

In addition to enjoying the breakfast, guests will have an opportunity to view about 200 sports cars whose drivers will partake of the breakfast between 9 and 11 a.m. These are Los Angeles sports car fans who are making a weekend run to the desert area.

Valentine's Box Social Slated In Hot Springs

DESERT HOT SPRINGS — The nags are going to win, one way or another, a Desert Hot Springs Rotary Club observer predicted.

The event slated is a Valentine's Box Social, set for Rotarians and Rotary-Anns at 6:30 p.m. Saturday in the Eighth Street Community Center here. A highlight of the sweetheart's fete will be a horse race, with the Rotary-Anns substituting for the nags. The winners of the filly gallop will race the Rotarians in the finale.

Door prizes are added inducements for the fleet-footed party.

Time to Get Ready for Company

The rains and the proposed new city traffic commission are seemingly two unrelated topics — but because of the first, the second is now more important than ever.

While City Council delayed action on completion of the new commission, proposed by the chamber of commerce, long-dormant wild flower seeds were stirring under the desert floor, preparing a colorful carpet which will bring such traffic to Palm Springs and the Desert Empire that current problems to handle the flow of visitors will seem insignificant by comparison.

After several dry seasons which provided little encouragement for the wild flowers, the rains this season have been more than generous. Not only that, they have been timed just right to make this spring a "good wildflower year" as the old-timers express it.

Those people who know the desert declare that, while each year there are some wildflowers, they come en masse and in great profusion about once every 15 or 20 years. We are about due. The last time you couldn't see the sand for the flowers was about 15 years ago.

And unless all signs fail, they will be in such profusion this year that, as Harry Oliver of Thousand Palms, the Desert Rat of Scrap Book fame, puts it, "you won't be able to see the beer cans, the flowers will be so thick."

What has this to do with the new traffic commission?

Just a matter of preparedness. Much planning will be necessary and some special provisions made for the terrific traffic.

The last time flowers were as thick as it is predicted they will be this year, so many people came from the coast to see them that on U.S. Highways 60-70-99, automobiles were backed up from beyond Beaumont.

Locomotion for the Billboards

The advertising man we'll always have with us. Which is good for our economy except that it includes the billboards.

Outlawed in many states and cities and losing ground in their effort to plaster the roadsides with various gaudy signs, they refuse to quit.

Two new gimmicks have been devised to replace the billboards where they are outlawed.

One makes use of the big trucks which roar along our highways and Freeways. Advertising signs are being painted on the back of the snorting behemoths. The owners get \$20.40 a month to roll these moving signs along.

HOLMES ALEXANDER

It's Still True, Only Man Is Vile

WASHINGTON, D. C.—In your national capital beautiful buildings are rising, new boulevards are being opened, the White House interior is taking on Mrs. Kennedy's elegant personality, shiny buses have replaced the limping street cars, and soon the riverside will blush with cherry blossoms and the parks will go gay with forsythia, but—it's the old story: "...every prospect pleases, and only man is vile."

Can nothing be done about it? The District of Columbia is theoretically run by three presidentially-named commissioners. Nearly always they are political hacks whose pay-off helps their patron and his party, but not the city.

In reality, the city is most beholden to Congress, which holds the purse strings—and, in particular, to the chairman of the District Subcommittee of the House Ways and Means Committee and the Senate Appropriations Committee. The city is lucky if one of these two chairmen pays more than nominal attention to the post.

Well, the city of Washington has been lucky in the 87th Congress to have Senator Robert C. Byrd (D., W. Va.) as a subcommittee chairman. Bob Byrd, 44, is dark-haired, broad-shouldered, and otherwise slight of frame. He is bland of manner, given to run-away Bible-quoting in public speaking, not a scholar, but a hard worker who, today, is still pursuing his law degree by taking night courses at George Washington University.

Orphaned at 10, raised in a coal miner's home, often without candy at Christmas, and frequently having to wear tennis shoes in the snow, Byrd knows all about poor

people and their temptations. As an elective politician since the age of 28, he very likely knows the temptation to play the demagogue with his opportunities.

But thus far, to his credit, Byrd has let the fact speak for him and has refused to give any national significance to his work. He is earnestly trying to do something about the "vileness of man" in Washington—and he's already done a lot.

For example, this morning as I write this column, there is a Page One newspaper story at my elbow about a Metropolitan Police Canine Corps dog, Smokey III, who chased, caught and held at bay two typical street hellions, aged 16 and 17. They are being held for committing three yoke-robbings of civilians and another robbery of an off-duty policeman. Lest the sentimentalists believe that the youths were playing Robin Hoods, here are the charges:

Attacking and robbing an 84-year-old retired musician of \$2. Committing the same crime upon a 67-year-old science professor for the swag of \$3; the same crime upon a 68-year-old man for a haul of \$31.

Taking the chairmanship more seriously than anybody had before, it was Senator Byrd who, last year, went out on nighttime prowls with the cops, and learned at first hand about the nature and prevalence of street crimes. He did not bring the Canine Corps to Washington, but he knows more about it than any other legislator.

Population Down, Relief Up
Shortly afterwards, Byrd began his first study of the relief problem in Washington. He read back 15 years into Subcommittee studies of the subject. He found that

10 years ago the House (he was then a member) thought that reforms were overdue—yet nothing had been done.

Byrd found that the District population had dropped in the past decade, but that the welfare load had doubled in six years. He found that with the cost of living up to 6 per cent since 1957, the per capita aid to dependent children (that is, to their parents) was up 37 per cent. He found that per capita aid in the District was higher than in the adjacent States and in West Virginia.

When Welfare Director Shea brought in the District welfare budget of over \$21 million, Byrd sent him back—not just once but three or four times to make reasonable economies and present the lowest reasonable figure. The final sum was roughly one million more than the previous year, but \$500,000 less than requested.

By the time the cuts were ordered, winter had come and so had the bleeding hearts. The Washington Post ran editorials under titles such as, "Hungry Children," "Elegance and Squalor." It cut loose its sob sisters to bring in tear-jerking yarns and pictures. The United Mine Workers' Journal and the Charleston (W. Va.) Gazette jumped in to pommel the chairman.

But Byrd stood by the facts—and they stood by him. The budget cuts were justified by sounder uses of the public funds. No family was seriously deprived. Pretty soon Byrd's skepticism was tentatively justified by a Subcommittee investigation which showed that of the first 29 relief cases to be examined, 17 were fraudulent—an appalling percentage of 58.8 per cent were unlawfully receiving public handouts.

Like the real mean one somebody would stick in the teacher's desk. Then just before the bell would turn us little fiends loose for the day, she would rap on the desk, take out that Valentine and peer at the class, her pointer wavering around the room.

She passed up Stinky, Old Folks, Pink, Slat and Dirty Nose, as my colleagues of that stopped wavering, pointed right at me.

RUPERT, she would say, "Only you with that warped sense of humor you have, would stoop to this. The rest of the class is dismissed. You," by that time she had reached my desk and jabbed that pointer into my chest bone, "you will remain after school and write 'I am a stupid dolt' on the blackboard 100 times."

When I'd get through she'd say: "Do it over. You didn't follow instructions. In speaking you may use contractions such as 'I'm' but in writing you spell it out. 'I am.'"

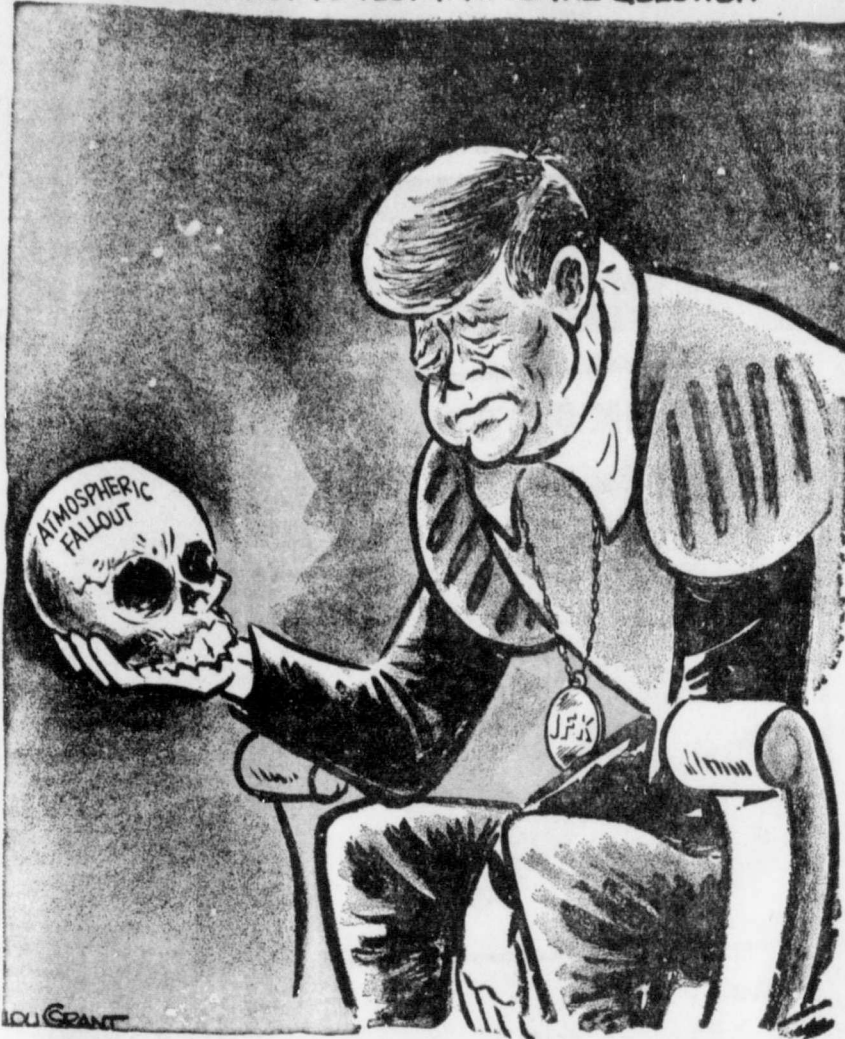

AND THAT WAS the day we knew the nice old lady down the street who had a big apple tree in her back yard, wasn't going to be home.

She always invited us to help ourselves just so we'd use the gate and not break the fence, not trample on her petunias, break the tree branches or our necks. I always got the impression the last injunction wasn't so important to her.

But it was a lot more fun to sneak over the fence and swipe the apples. They tasted better that way.

Anyway, roses are red and violets are blue and so are you.

"TO TEST OR NOT TO TEST THAT IS THE QUESTION"

ABIGAIL VAN BUREN

Dear Abby.

DEAR ABBY: Is a person responsible for what he says in his sleep? My husband talks in his sleep. A few times he has mentioned women's names, but when I say anything to him he says he doesn't remember dreaming about any women. He says he is not responsible for what he says in his sleep. Is he right? I don't believe he is unfaithful to me because he always comes right home after work, is a good husband and seems crazy about me. Thanks. —WONDERING

DEAR WONDERING: If your husband behaves well when he is awake, don't worry about what he says in his sleep.

DEAR ABBY: In 1959 I sent a necktie to an elderly uncle for Christmas. I had this tie around the house for some time (still in its original plain white box and tissue), and had forgotten where it came from. It looked like an old man's tie and my husband wouldn't wear it.

Well, for Christmas, 1960, this old uncle sent the tie to my husband saying it was the same tie he had given him for Christmas in 1958. I guess it must have "looked" like my uncle because I thoughtlessly sent it back to

him for Christmas, 1961! I know it was a foolish mistake, but we send about 100 gifts every year and I honestly forgot the history of this tie. We haven't heard from this uncle and I wonder if we shouldn't write and apologize? He must think we're crazy.—THOUGHTLESS

DEAR THOUGHTLESS: I hope you and your uncle have a sense of humor. If I were you I would send him a box of matches and tell him to burn up the tie to put it out of circulation.

DEAR ABBY: A few boys came over unexpectedly last night. It was about nine o'clock and I had on my flannel pajamas and a woolen bathrobe, so I didn't see anything wrong with appearing before them in what I was wearing. They only stayed about an hour and we just sat around and talked. After they left my mother gave me the dickens. She said no respectable girl would entertain boys in her nightclothes. Abby, I was wearing ten times as much as I would have been had I been on a swimming party with them. Will you please help me explain this to my mother?—FIFTEEN AND RESPECTABLE

DEAR FIFTEEN: It's not how well covered you were, but what with. A young lady should not receive callers while she's dressed for bed. You should have quickly changed to a skirt and sweater.

Are things rugged? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif., and don't forget the stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby, Box 3365, Beverly Hills, Calif.

QUOTES

WASHINGTON—Secretary of State Dean Rusk, in turning down Russia's bid for a quick summit meeting on disarmament: "What is now called for is some systematic, serious, hard and determined and quiet negotiation . . . We do not believe that this kind of negotiation can best be carried on at a heads of government level."

TOKYO — Lt. Gen. Alan D. Shapley, commander of U. S. Fleet Marine Forces in the Pacific, discounting the threat of Red Chinese intervention in South Viet Nam: "I think there is no possibility of . . . any large scale Chinese intervention."

MIDLAND PARK, N.J. — Mrs. Adrienne Bakker, a housewife who is getting up a petition against food store trading stamps: "I'm trying to get people to be more aware of prices."

SALINA, Kan.—Watson Young Jr., when captured 10 days after being placed on FBI's 10 most wanted list on two murder charges: "I'm glad I'm caught. I had thought several times about coming into the station and giving myself up. I didn't have the nerve."

BOB CONSIDINE:

Space Flight Puzzling To American Populace

LOS ANGELES — The nation's attention is magnetized by the often postponed attempt of astronaut John Glenn to fling himself into orbit. There is, naturally, great anxiety over his well-being. But one can hear additional and intensely sobering thoughts expressed in this Tool Chest of space over the well-being of millions of Americans, not just one. One of those thoughts can be summed up as follows:

"Why spend more time and money trying to do something the Russians have already achieved than we spend on ascertaining the military uses of space?"

Proponents of this line of questioning project some hair-raising possibilities. Samples:

The U.S. and USSR have now reached a stalemate. According to the more macabre statisticians each side now has the capability of killing as high as 100,000,000 human beings of the other side by means of thermo-nuclear war. Therefore, no war is in prospect.

But what if one side develops an absolute defense against the other's missiles? The stalemate is then broken, and that side can rule the world—just as the U.S. could have imposed whatever it wished upon the world between 1945 and 1949 when it alone possessed the atomic bomb and the means of delivering it.

Grave Misgivings
We are working hard to develop the Nike-Zeus, a short-range missile designed to find and destroy an enemy warhead as it comes down from space over an American target. Khrushchev has been quoted as saying Russian aerocientists have been employed in the same search. But there are grave misgivings here that sound something like this:

"Even if we do produce the Zeus and it works every time that still won't be the answer. It will simply 'raise the price of admission.' He (the enemy) will send in more missiles than he had planned to send against the particular target which is protected by a batter of Zeus. We'd do the same, of course, and willingly pay the hiked 'price of admission.'"

One space dreamer told us today that a heretofore virtually unknown physicist not long ago came up with a theory that for a short period of time appeared to be a breath-taking answer to the Soviet ICBM threat. His proposal resulted in Operation Argus, nuclear blasts in space which created a magnetic blanket which promised to disintegrate any warhead that tried to pierce it — a science-fiction death ray on high. But the electrons whizzing crazily about in the blanket at the speed of light regrettably unraveled themselves, and we were back in the stalemate.

Could be Battlefield
"The slogan, 'Space is for peace,' is a prayer," a military man said to us. "It should be changed to 'We pray that space is for peace.' Space could be a battlefield beyond present human comprehension and it could be our Waterloo. Or it could be nothing. We know so little about it. He has been out there farther than we have. He has orbited a man 17 times, not three as Col. Glenn would hope for. He has hit the moon, then has gone to the other side of it, taken excellent pictures and sent them back to the earth."

"I sit here horrified at the thought that he's over there in the Kremlin watching us build our Minutemen and Polaris and everything else, and spending \$10 million a day to reach the moon ahead of him with a man and that he has already found out how

to block our retaliation missiles before they could fall on the Soviet Union."

"I imagine his saying, one of these days when the time is ripe, 'We now demand your unconditional surrender. We have perfected a defense against whatever you can throw at us. You have none. If you don't believe me, send one of your missiles or anything else at us and we will be happy to demonstrate this fact.'"

"We do just that, and he's right; he has demolished the stalemate by means of military —not peaceful—research in space. And we are no longer a nation."

Letters to The Editor

(An Open Letter to Palm Springs City Council)

Dear Sirs:
I have read with great interest of your proposal to make the Palm Springs area "off limits" for jets which are flying above the speed of sound. Recently we have been barraged by a series of sonic booms in the Los Angeles area and I believe that there is one important fact which is being kept from the public's attention in this matter.

In a recent issue of the London Times discussing the supersonic transport, it was mentioned that the United States was going to test certain areas by having both announced and unannounced flights at supersonic speeds, using a B-58 bomber. This was to test the public's reaction to the sonic boom. While I do not know whether this program has caused the recent increase in sonic booms or not, it would be interesting to find out whether it is indeed the cause or whether an errant military pilot was at fault.

There is great pressure from certain limited groups in this country for an all out crash program to build a supersonic transport. It appears in all certainty that this transport will cause severe sonic booms in any area over which it passes. This would mean that if such an aircraft were operating on a transcontinental flight, there would be a path of shattered windows and nerves from one end of the country to the other each time one of these transports went over.

Of course, they would probably keep this aircraft at below supersonic speeds over the center of cities but since Palm Springs is far enough from Los Angeles, they would probably have achieved supersonic speed by the time they reached Palm Springs. In other words, if supersonic transports are put into transcontinental operation, there is a good chance that Palm Springs will be subjected to a continuous succession of sonic booms which will make the present situation seem a joy by comparison.

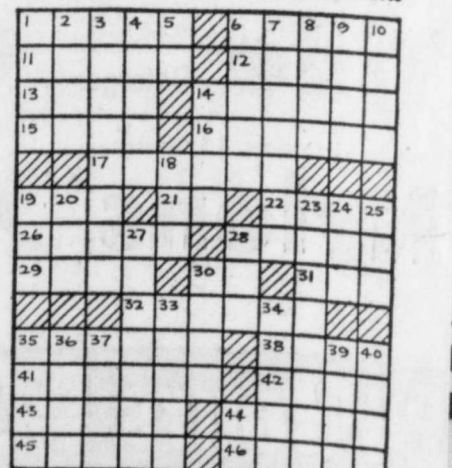

It seems that the only answer to this is to protest loudly at this time and I cannot even suggest to whom these protests should be sent. The F.A.A. is one of the few organizations which is pushing the supersonic transport and it therefore cannot be relied on to protect the peace and quiet (and nerves) of the residents of this country. Nevertheless, a letter directed to them as well as to other appropriate organizations certainly would do a lot of good to insure some peace and quiet in the future.

Sincerely yours,
ALAN MCCLURE

NEW UNIFORMS for the Palm Springs Unified School District crossing guards were presented by the Palm Springs Safety Council and the local Police Association. The uniforms will be worn by the men who tend to the safety of local school children on their way to and from school.

Pictured above are, left to right, Bob Hill of the Safety Council, crossing guards H. B. Jones, Ralph Atkinson, C. T. Price, Henry Pietarila, Harry Strickler, and W. C. Forbach; Sgt. Nick Maff, and John Sanborn, president of the Safety Council.

Ballet, Comedy Set On Classic Series

Second program of the Film Classics Series, presented by the Desert Art Center Film Society, will be shown at 8 p.m. on Thursday evening, Feb. 15, at the new auditorium of the Desert Museum. The sources of inspiration for this program are profoundly American. The program is divided into two distinct parts. First is a full-length ballet, "Appalachian Spring," with Martha Graham and her dance group. Only three film records have ever been made of the inspiring work of this dancer, who stands unchallenged as one of the great figures in the history of American dance.

The inspiration for the ballet comes from Aaron Copeland's typically American composition which won the Pulitzer Prize in music in 1945. The ballet is a folk tale set in the Appalachian wilderness at the pioneer period of American history.

After a ten minute intermission the program will continue with one of the wittiest and liveliest of the early Marx Brothers films, a classic example of the type of American humor which was established in vaudeville and became in the hands of the Marx Brothers a light-hearted spoof of human weaknesses.

The Film Classics are sponsored and presented by the Desert Art Center and have no connection with the natural history and travel

films of the museum program. The Art Center simply rents the museum auditorium for the evening. There are a handful of season memberships left for the series. These can be secured prior to Feb. 15 at the Desert Art Center, a non-profit cultural organization located at 447 North Palm Canyon Drive.

The Film Society regrets that because most memberships have now been taken and because of the limited seating capacity of the auditorium, admission will be by season membership only.

WILL YOUR GRANDCHILDREN GROW UP UNDER COMMUNISM?

Nikita Khrushchev says "YES!"

Your Newspaperboys say "NO!"

To back up their answer your newspaperboys are collecting funds to support **Radio Free Europe**—the anti-Communist network which broadcasts news and information to 79 million captive people behind the Iron Curtain in Poland, Hungary, Czechoslovakia, Romania and Bulgaria. Your newspaperboys ask you to join RFE in the fight against Communism.

Radio Free Europe's 28 powerful trans-

mitters and relay stations broadcast almost 3,000 hours a week through the Iron Curtain around East Europe. These RFE broadcasts are the strongest link the captive people have with the truth and the free world.

Your Truth dollars help fight Communism. One dollar pays for one minute of truth to answer Communist lies and Khrushchev's boasts. How many minutes will you give?
